# Executive Summary

\$Bonkers is all about fun, chaos, and community. At the heart of it is a charismatic French Bulldog who rules as the overlord, watching over his wild, unpredictable minions. These tribal minions are always battling it out, bonking each other over the head as they fight from village to village, all trying to win the favor of their ruler, \$Bonkers.

But this isn't just about laughs. The idea behind \$Bonkers is to bring together a massive, loyal community—think a billion or more people—who want to have fun and compete in a totally new way. We're bringing back the fun that meme coins were meant to have.

This whitepaper is your guide to everything \$Bonkers: the concept, the mechanics, and how we're shaking up the meme coin world with our tribal competition system. It's all about the minions battling for dominance across villages and earning \$Bonkers rewards along the way.

Let's be real for a minute—Wall Street venture capitalists have done enough damage to crypto. They swoop in, buy low, sell high, and leave the everyday people as their exit liquidity. We've had enough. Now it's time to take back control. It's time for \$Bonkers. Power to the community, power to the people.

## Objective and Vision

The primary objective of \$Bonkers is to create a community-driven token that empowers its holders through an engaging, competitive system. The tribal competition mechanic is at the heart of this vision, where users can participate in friendly rivalry between tribes, earning rewards and contributing to the growth of the ecosystem.

Through this approach, \$Bonkers aims to shift the focus away from venture capital dominance in cryptocurrency markets, placing greater power in the hands of everyday participants. By prioritizing community and decentralization, \$Bonkers offers a refreshing and sustainable alternative in the evolving world of meme coins.

# Market Overview and the Evolution of Meme Coins

## Meme Coins in the Cryptocurrency Space

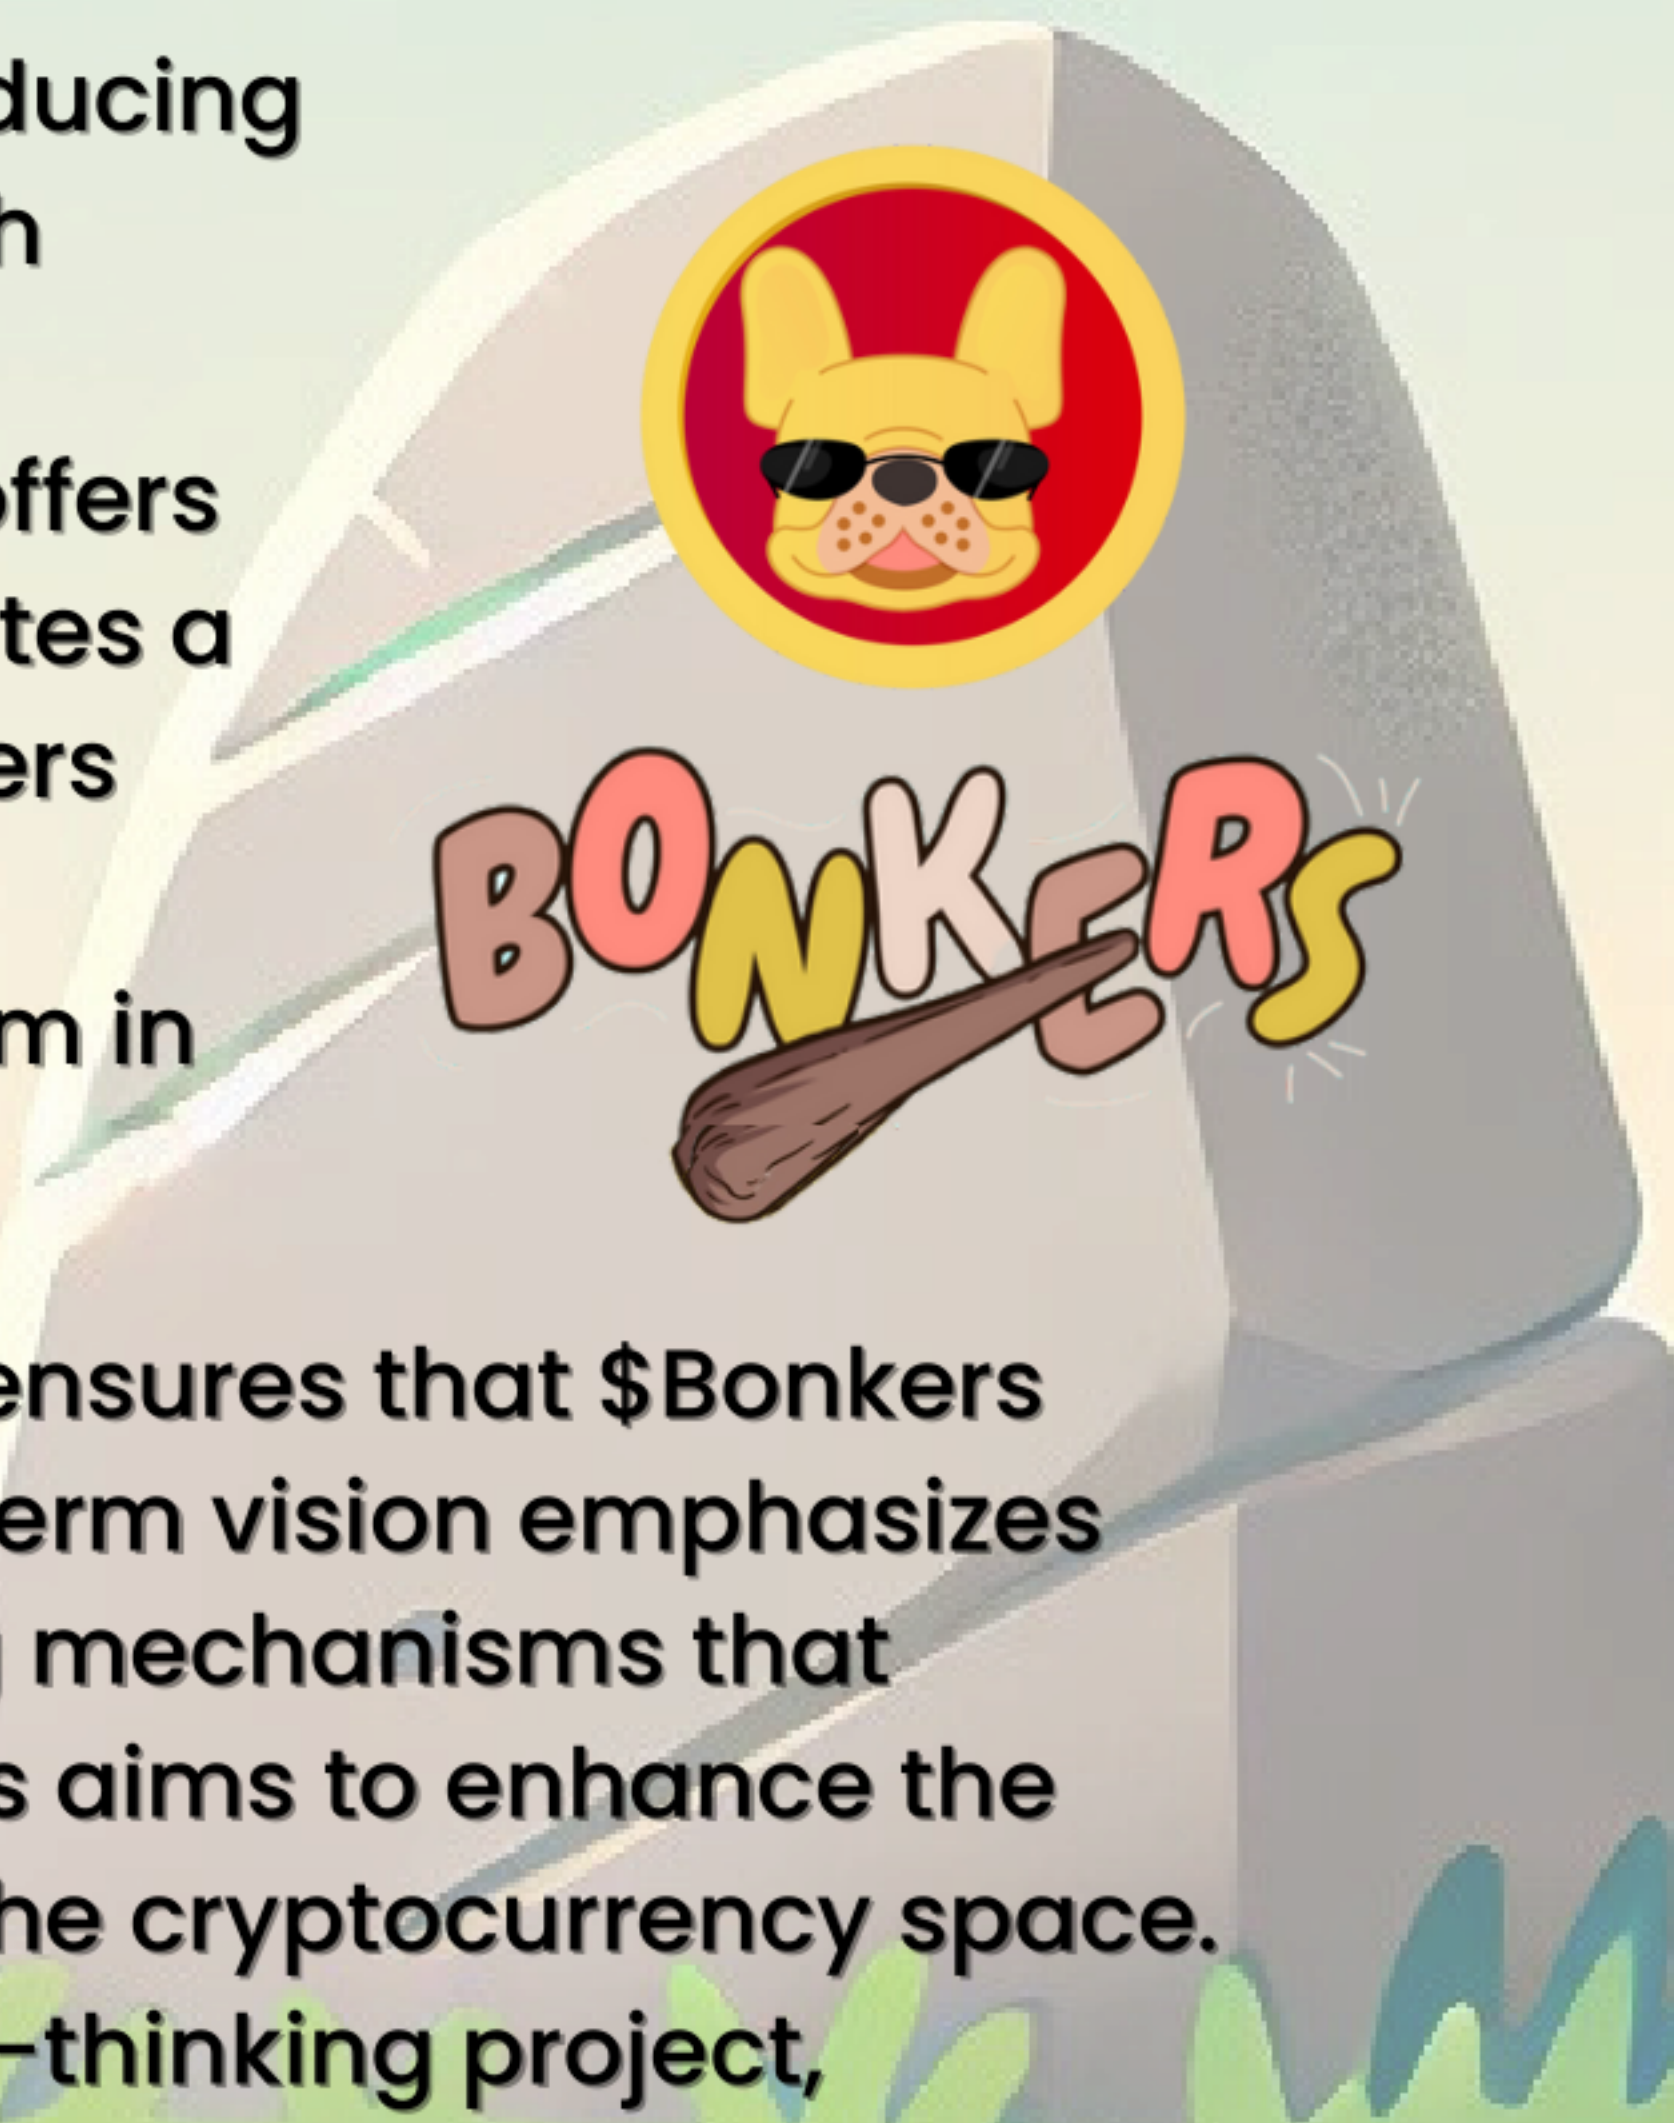

Meme coins have become a notable segment of the cryptocurrency market, capturing widespread attention through their playful nature and community-driven narratives. Pioneers like Dogecoin and Shiba Inu played significant roles in elevating meme coins from niche digital assets to globally recognized tokens.

However, despite their cultural significance, traditional meme coins have often faced challenges in establishing long-term value and utility. Their success has largely been driven by social momentum rather than inherent functionality, resulting in volatility and uncertainty regarding their sustainability. The absence of clear utility has led to concerns about the long-term viability of many meme coin projects.

## Filling the Gaps

\$Bonkers seeks to address these gaps by introducing a meme coin that combines entertainment with tangible utility and sustainability. Positioned strategically in the evolving market, \$Bonkers offers more than just a humorous narrative; it integrates a gamified ecosystem where community members can actively participate in tribal competitions, earning rewards and engaging with the platform in meaningful ways.

The focus on community-driven engagement ensures that \$Bonkers builds a strong, loyal user base, while its long-term vision emphasizes stability and continuous growth. By introducing mechanisms that promote interaction and involvement, \$Bonkers aims to enhance the overall value and relevance of meme coins in the cryptocurrency space. This approach positions \$Bonkers as a forward-thinking project, designed to offer both fun and lasting impact.

# Introducing \$Bonkers: Concept and Mechanics

## The Bonkers Narrative

At the heart of the \$Bonkers ecosystem is a lighthearted yet engaging narrative centered around Bonkers, a charismatic French Bulldog who serves as the overlord of a world filled with whimsical tribal minions. These minions, divided into distinct tribes, compete fiercely with one another, each striving to gain favor from their ruler, Bonkers.

This character-driven storyline adds a layer of gamification to the token's experience, encouraging users to become part of the world of \$Bonkers, where humor and competition intertwine seamlessly. The tribes' ongoing in-fighting for Bonkers' approval forms a unique and playful backdrop for community engagement, ensuring that interactions are both entertaining and immersive.

## Community-Driven Competition

\$Bonkers sets itself apart by introducing a community-centered, competitive dynamic that goes beyond traditional meme coins. Users are invited to join one of the competing tribes, creating a sense of loyalty and participation through friendly rivalry. The competitive mechanics are designed to be accessible yet engaging, fostering an environment where users can actively contribute to their tribe's success.

By combining humor with competitive tribal in-fighting, \$Bonkers brings a refreshing twist to meme culture. This fusion of storytelling and interactive competition not only strengthens community bonds but also encourages continued involvement and excitement. Through this framework, \$Bonkers redefines the meme coin experience by providing both entertainment and a deeper layer of engagement.

# Tokenomics: The Foundation of \$Bonkers' Ecosystem

## Token Supply and Distribution

- **Initial Supply:** At launch, a total of 977,777,777 \$Bonkers tokens will be minted.
- **Early and Core Contributors 20%** - 200,000,000
- **Community 26%** - 250,000,000
- **Liquidity Pool 20%** - 195,555,555
- **Marketing & Partnerships 14%** - 141,666,666
- **Development Fund 10%** - 97,777,777
- **Ecosystem Incentives 9%** - 92,222,222

## Earning and Utility Mechanisms

\$Bonkers introduces innovative earning mechanisms that incentivize active participation within the ecosystem. Users are encouraged to join one of the five tribes and engage in tribal competitions, contributing to their tribe's efforts in exchange for \$Bonkers tokens. The rewards system is structured to promote regular participation, with periodic challenges and events offering additional incentives to top-performing tribes.

Beyond earning opportunities, holding \$Bonkers tokens grants users access to additional utilities within the ecosystem. Token holders can exercise governance rights, participating in key decisions that shape the project's future. They also gain exclusive access to upcoming events and potential rewards, further enhancing the value of their involvement in the \$Bonkers community. This integrated token model ensures that \$Bonkers provides both immediate and long-term benefits to its users, creating a dynamic and engaging ecosystem.

# Tribal Competition: The Core of \$Bonkers' Engagement

## The Five Tribes of \$Bonkers

The \$Bonkers ecosystem is structured around five distinct tribes, each embodying unique traits and strategies, encouraging diverse styles of participation:

**Blue Tribe:** Known for their unwavering loyalty, the Blue Tribe follows Bonkers' commands with precision and discipline.

**Red Tribe:** Driven by aggression and competitiveness, this tribe focuses on overpowering others through brute strength.

**Green Tribe:** Tactical and strategic, the Green Tribe excels in building alliances and outmaneuvering opponents with calculated moves.

**Orange Tribe:** Ambitious and cunning, the Orange Tribe aims to dominate through cleverness and long-term strategy.

**Purple Tribe:** Lighthearted yet resilient, the Purple Tribe takes a patient approach, growing steadily to secure lasting success.

These tribes are the foundation of the \$Bonkers community, fostering friendly competition while offering opportunities for members to showcase their unique strengths.

## Tribal Dynamics and Events

Tribal competition is central to the \$Bonkers experience, with weekly and monthly events designed to test each tribe's collective strength and engagement. These events offer opportunities to earn \$Bonkers tokens, fostering ongoing participation. Tribe members work together strategically, leveraging their tribe's distinctive characteristics to outperform rivals. As the competition evolves, tribes build their influence within the ecosystem, increasing their standing and rewards.

These events are designed to maintain an engaging and dynamic environment, providing both long-term and new participants with incentives to continue competing.

## Gamification and NFTs

To further enhance the competitive experience, \$Bonkers introduces exclusive NFTs that represent minions from each tribe. These limited-edition NFTs provide holders with various benefits, including access to rare content and participation in special events. Additionally, holding NFTs grants users special privileges within their tribe, offering a more immersive experience.

The inclusion of NFTs layers excitement and collectibility into the tribal competition, creating a fun and rewarding environment where participants can collect and use these assets to gain unique advantages. This combination of gamification and digital assets ensures that \$Bonkers remains both engaging and innovative, promoting continuous interaction within the community.

# Ecosystem Governance: Decentralization and Community Empowerment

## Decentralized Decision-Making

A key aspect of the \$Bonkers ecosystem is its commitment to decentralized governance, ensuring that decision-making power rests with the community. Holders of \$Bonkers tokens are granted governance rights, allowing them to actively participate in shaping the future of the platform.

Through a transparent voting system, token holders can propose and vote on various matters, including adjustments to ecosystem mechanics and the structure of Tribal Wars. This approach empowers the community to take ownership of the project's evolution, fostering a sense of shared responsibility and engagement.

## Adapting to the Community

\$Bonkers is designed to be a dynamic, evolving platform, guided by the collective vision of its community.

As the ecosystem grows, regular community input ensures that its development remains aligned with the interests and preferences of its participants. While the overarching narrative—centered around Overlord Bonkers—provides a unifying theme, decentralized governance allows for flexibility in adapting key features and mechanics as the platform evolves.

By striking a balance between the fixed lore of the \$Bonkers universe and the fluid nature of community-driven governance, the project aims to maintain a strong sense of direction while giving participants the freedom to shape the platform's future. This model ensures that \$Bonkers remains responsive to its community, promoting sustainability and long-term success.

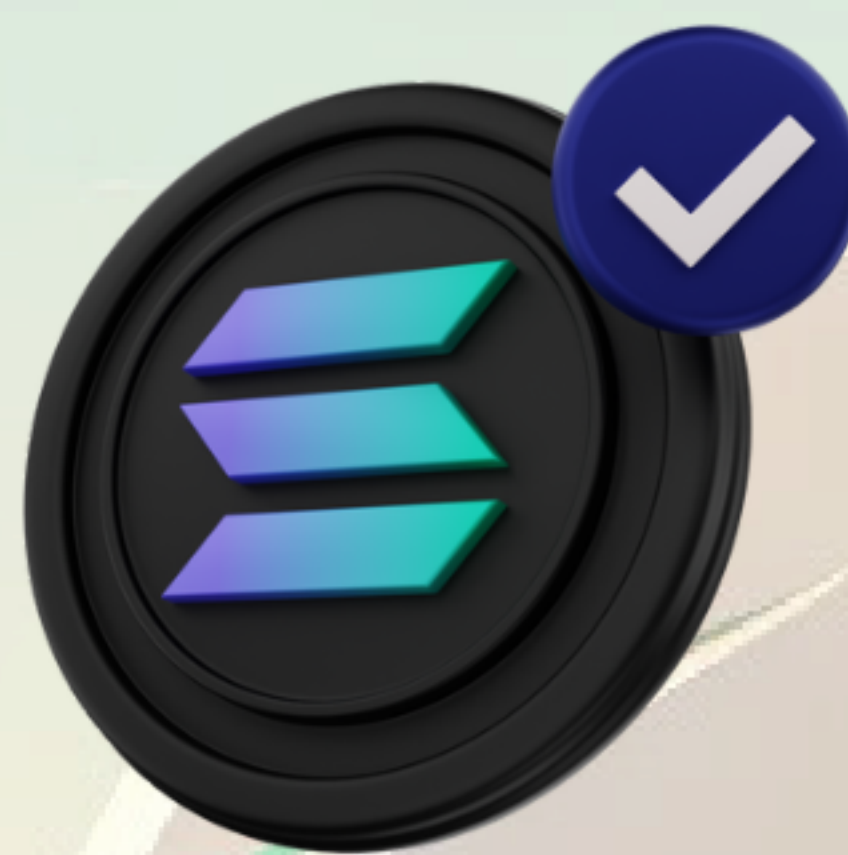

## **\$Bonkers on Solana**

### **Why Solana?**

\$Bonkers has chosen to build on Solana's blockchain due to its proven scalability and low transaction costs, offering an efficient and seamless user experience.

Solana's high throughput, which allows for fast transactions without compromising decentralization, aligns with \$Bonkers' goal of creating an interactive and dynamic ecosystem where participants can engage in tribal competitions and token-related activities without concerns about network delays or excessive fees.

Furthermore, \$Bonkers will serve as a platform for promoting Solana-based projects, leveraging its viral meme appeal to bring increased attention to the Solana ecosystem. This collaboration not only enhances the technical foundation of \$Bonkers but also fosters mutual growth within the Solana network.

# Integration and Future Collaborations

The partnership with Solana opens opportunities for future collaboration with other projects within its ecosystem. \$Bonkers aims to explore integrations that align with its vision, such as decentralized applications (dApps) and NFT marketplaces that can enhance the tribal competition dynamics or offer additional rewards to the community.

By positioning \$Bonkers within Solana's rapidly growing ecosystem, the project is poised to benefit from the continuous innovations in the blockchain space, ensuring that it remains adaptable, scalable, and connected to a broader range of developments that will enhance user engagement and project sustainability.

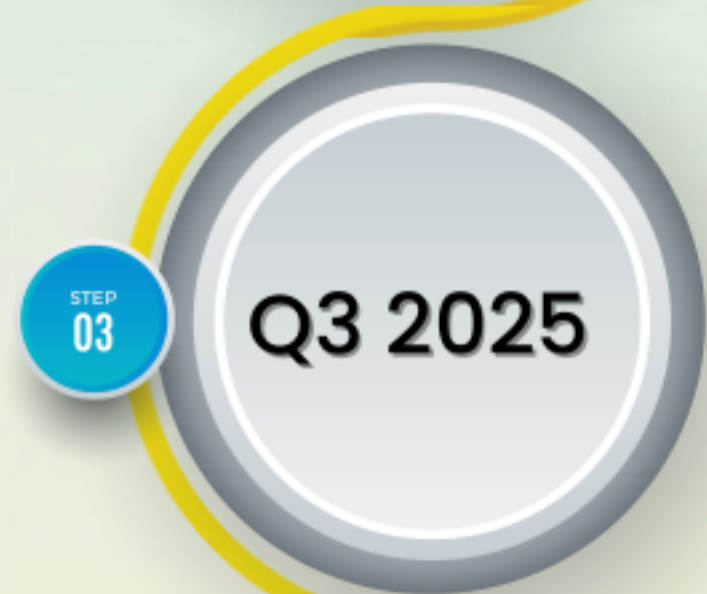

## Roadmap

Launch of \$Bonkers token on Solana DEX.

Scale \$Bonkers brand and launch the Bonkers ecosystem app for the community.

Expansion of Bonkers tribal mechanics with new gameplay elements and dynamic challenges. DEX listing and CEX listing.

Integrations allowing minions and tribes to compete across different villages. DEX listing and CEX listing.

Rollout of additional ecosystem enhancements helping token holders to shape the future of \$Bonkers. DEX listing and CEX listing.

# Conclusion: The Bonkers Revolution

\$Bonkers sets itself apart by redefining the meme coin space through a vibrant combination of community-driven engagement, competitive tribal dynamics, and an immersive narrative. By integrating these elements, \$Bonkers offers a more interactive and sustainable approach to meme coins, where users are not only participants but also key contributors to the evolving story and ecosystem.

Join the \$Bonkers movement today, align yourself with one of the tribes, and engage in the competitive battle for supremacy. Be part of this growing revolution reshaping the meme coin landscape, focusing on community empowerment and collective success. We can build a stronger, more dynamic future for meme coins.

# LEGAL DISCLAIMER

Please read all of this “Legal Disclaimer” sections very carefully. By accessing the whitepaper or website, you agree that you have read and understood all sections of the legal disclaimer. Nothing contained herein constitutes legal, financial, business or tax advice and you are strongly encouraged to consult with your own legal, financial, tax or certified professional advisor(s) before engaging in any activities in connection herewith. None of the parties, (any company), including any of the early or core contributors on the project who have worked on the BONKERS Ecosystem (as defined herein) or contracted to work on the \$Bonkers ecosystem in any way whatsoever, any vendors and or distributors of the \$Bonkers tokens (or any such re-named or successor ticker code or name of such tokens) (the distributor), nor any providers or service (service providers) shall be liable for any form of indirect or direct damage or loss whatsoever which you or others may suffer in connection with access to our literature, materials, applications relating to the \$Bonkers (the token documentation) available on the website at (<https://bonkersmeme.com>) the website, including any related sub-domains). Or any other websites or materials published via any means of communication by the company or its representatives at any time.

## Intended purposes

You agree that you are acquiring the \$Bonkers tokens to participate in the BONKERS ecosystem and to use services inside of the ecosystem. The parties to include the company, the Distributor(s) and their respective affiliates would work on and contribute to the underlying source code for the \$Bonkers ecosystem. The parties are acting solely as an arms’ length third party in relation to the \$Bonkers Distribution, and not in the capacity of a certified or uncertified financial advisor, a fiduciary or any person(s) regarding the distribution of the \$Bonkers tokens.

## Utility of the token

The fungible protocol (native) cryptographically-secure token of the BONKERS ecosystem with the ticker symbol (\$Bonkers) is a transferrable representation of attributed functions based on utility that are specified in the protocol or code of the BONKERS ecosystem, and is designed for use solely as an interoperable utility token.

\$Bonkers is a functional multi-utility token which will be used as the medium of exchange between supporters of the BONKERS ecosystem in a decentralized manner. Please note that the goal of using the \$Bonkers token is to provide a secure and convenient way of settlement and payment between interacting parties inside the BONKERS ecosystem while using the BONKERS ecosystem without any intermediaries such as centralized third parties any entities, institutions, or credit-based parties. It is not intended to be, any such medium of exchange accepted by the public or any sections of the public as payment for goods or services, or for the discharge of any debts. Nor is it created or designed be used by anyone as a payment for goods or services that are not exclusively provided by the issuer. The BONKERS token is not, and does not in any way represent any shareholding, rights, participation, titles, or interest in the Company, parties, Distributors, their associated affiliates, or any or companies, enterprises. BONKERS token does not entitle any token holders to any dividends, fees, profits, revenues, or investment returns, and are not intended to constitute securities in any jurisdictions such as the United States of America, United Kingdom, The People's Republic of China, the European Union member states, Singapore, Europe, Asia, Canada, or any other applicable jurisdictions. The BONKERS token may only be used within the BONKERS ecosystem, and ownership of the same carries no rights, whether implied or express, other than usage of the BONKERS tokens within the ecosystem. Any secondary markets pricing of the BONKERS token is NOT dependent on the efforts of the BONKERS early or core contributors or any affiliated contributors, and there are no token functionalities or aims to control or manipulate any such secondary pricing on any markets.

Additionally, the BONKERS token will provide economic incentives which will be distributed in an effort to encourage users for their efforts towards participation and contribution in the BONKERS ecosystem, hence creating mutually beneficial systems where every ecosystem participant is justly incentivized for their efforts. BONKERS tokens are an integrated and inseparable part of the BONKERS ecosystem. Without BONKERS participants would not possess any incentives for users to expend resources to participate in ecosystem activities or provide any such services for the benefit of the BONKERS ecosystem as a whole. The BONKERS rewards tokens will be awarded to active participants based on their time based contributions, usage volume, and efforts made to benefit the BONKERS ecosystem, and not to non-active participants.

## **Token Documentation Nature**

The documentation of the Token is purely conceptual and articulates some of the major design principles and goals for creation of a digital token known as \$Bonkers. The documentation of the Token and website are intended only for general informational purposes and do not constitute a prospectus, an offer of securities, an offer document, a solicitation for investment, or any offers to sell products, assets, services, items (whether of a digital nature or otherwise), or any offers to engage in business with any external individual or entity provided in said documentation. The information herein may not be exhaustive and does not imply any element of, or solicit in any way, a legally-binding or contractual relationship. There is no assurance as to the accuracy or completeness of such information and no representation, warranty or undertaking is or purported to be provided as to the accuracy or completeness of such information. Where the Token Documentation or the Website includes information that has been obtained from third party sources, the Company, the Distributors, their respective affiliates and or the \$BONKERS early or core contributors have not independently verified the accuracy or completeness of such information. Further, you acknowledge that the project development roadmap, network functionality are subject to changes and that the Token Documentation or the Website may become outdated or changed as a result; and neither the Company nor the Distributors is under any obligation to update or correct this document in connection with the already stated.

## **Validity of Token Documentation and Website**

Nothing in the Token Documentation or the Website constitutes any offer by the Company, the Distributor, or the BONKERS early or core contributors to sell any BONKERS (as defined herein) nor shall it or any part of it nor the fact of its presentation form the basis of, or be relied upon in connection with, any contract or investment decision. Nothing contained in the Token Documentation or the Website is or may be relied upon as a promise, representation or undertaking as to the future performance of the BONKERS ecosystem. The agreement between the Distributors (or any third parties) and you, in relation to any distribution or transfer of BONKERS, is to be governed only by the separate terms and conditions of any such agreement.

The information set out in the Token Documentation and the Website is for community discussion only and is not legally binding. No person is bound to enter into any contract or binding legal commitment in relation to the acquisition of BONKERS, and no digital asset or other form of payment is to be accepted on the basis of the Token Documentation or the Website. The agreement for distribution of BONKERS and or continued holding of BONKERS shall be governed by a separate set of Terms and Conditions or Token Distributor Agreements (as the case may be) setting out the terms of such distribution and or continued holding of BONKERS (the Terms and Conditions), which shall be separately provided to you or made available on the Website. The Terms and Conditions must be read together with the Token Documentation. In the event of any inconsistencies between the Terms and Conditions and Token Documentation or the Website, the Terms and Conditions shall prevail.

Deemed Representations and Warranties: By accessing the Token Documentation or the Website (or any part thereof), you shall be deemed to represent and warrant to the Company, the Distributor, their respective affiliates, and the BONKERS early or core contributors as follows:

(a). in any decision to acquire any BONKERS, you have NOT relied on and shall not rely on any statement set out in the Token Documentation or the Website;

(b). you will and shall at your own expense ensure compliance with all laws, regulatory requirements and restrictions applicable to you (as the case may be);

(c). you acknowledge, understand and agree that BONKERS may have no value, there is no guarantee or representation of value or liquidity for BONKERS, and BONKERS is not an investment product nor is it intended for any speculative investment whatsoever;

(d). none of the Company, the Distributors, their respective affiliates, and or the BONKERS early or core contributors shall be responsible for or liable for the value of BONKERS, the transferability and or liquidity of BONKERS and or the availability of any market for BONKERS through third parties or otherwise; and

(e). you acknowledge, understand and agree that you are not eligible to participate in the distribution of BONKERS if you are a citizen, national, resident (tax or otherwise), domiciliary and or green card holder, permanent resident card holder of a geographic area or country (i) where it is likely that the distribution of BONKERS would be considered as a sale of a security (howsoever named), financial service or investment product and or (ii) where participation in token distributions is prohibited by applicable law, decree, regulation, treaty, or administrative act (including without limitation the United States of America, Canada, the United Kingdom, the European Union member states, and the People's Republic of China); and to this effect you agree to provide all such identity verification document when requested in order for the relevant checks to be carried out.

The Company, the Distributors and the BONKERS early or core contributors do not and do not purport to make, and hereby disclaims, all representations, warranties or undertaking to any entity or person

The Company, the Distributor and the BONKERS early or core contributors are not and do not purport to make, and hereby disclaims, all representations, warranties or undertaking to any entity or person (including without limitation warranties as to the accuracy, completeness, timeliness, or reliability of the contents of the Token Documentation or the Website, or any other materials published by the Company or the Distributors). To the maximum extent permitted by law, the Company, the Distributor(s), their respective affiliates and service providers shall not be liable for any indirect, special, incidental, consequential or other losses of any kind, in tort, contract or otherwise (including, without limitation, any liability arising from default or negligence on the part of any of them, or any loss of revenue, income or profits, and loss of use or data) arising from the use of the Token Documentation or the Website, or any other materials published, or its contents (including without limitation any errors or omissions) or carefully consider and evaluate all risks and uncertainties (including financial and legal risks and uncertainties) associated with the distribution of BONKERS, the Company, the Distributor, and the BONKERS early or core contributors.

BONKERS token: BONKERS are designed to be utilized, and that is the goal of the BONKERS distribution. In particular, it is highlighted that \$BONKERS:

(a). does not have any tangible or physical manifestation, and does not have any intrinsic value (nor does any person make any representation or give any commitment as to its value);

(b). is non-refundable and cannot be exchanged for cash (or its equivalent value in any other digital asset) or any payment obligation by the Company, the Distributor or any of their respective affiliates;

(c). does not represent or confer on the token holder any right of any form with respect to the Company, the Distributor (or any of their respective affiliates), or their revenues or assets, including without limitation any right to receive future dividends, revenue, shares, ownership right or stake, share or security, any voting, distribution, redemption, liquidation, proprietary (including all forms of intellectual property or license rights), right to receive accounts, financial statements or other financial data, the right to requisition or participate in shareholder meetings, the right to nominate a director, or other financial or legal rights or equivalent rights, or intellectual property rights or any other form of participation in or relating to the BONKERS ecosystem, the Company, the Distributor and or their service providers;

(d). is not intended to represent any rights under a contract for differences or under any other contract the purpose or pretended purpose of which is to secure a profit or avoid a loss;

(e). is not intended to be a representation of money (including electronic money), security, commodity, bond, debt instrument, unit in a collective investment scheme or any other kind of financial instrument or investment;

(f). is not a loan to the Company, the Distributor or any of their respective affiliates, is not intended to represent a debt owed by the Company, the Distributor(s) or any of their respective affiliates, and there is no expectation of profit; and

(g). does not provide the token holder with any ownership or other interest in the Company, the Distributor(s) or any of their respective affiliates.

Notwithstanding BONKERS distribution, users have no economic or legal right over or beneficial interest in the assets of the Company, the Distributor, or any of their affiliates after the token distribution.

To the extent a secondary market or exchange for trading BONKERS does develop, it would be run and operated wholly independently of the Company, the Distributor, the distribution of BONKERS and the BONKERS ecosystem. Neither the Company nor the Distributor will create such secondary markets, nor will either act as an exchange for BONKERS.

## **Informational purposes only**

The information set out herein is only conceptual, and describes the future development goals for the BONKERS ecosystem to be developed. In particular, the project roadmap in the Token Documentation is being shared in order to outline some of the plans of the BONKERS early or core contributors, and is provided solely for Informational Purposes and does not constitute any binding commitment. Please do not rely on this information in deciding whether to participate in the token distribution because ultimately, the development, release, and timing of any products, features or functionality remains at the sole discretion of the Company, the Distributor or their respective affiliates, and is subject to change. Further, the Token Documentation or the Website may be amended or replaced from time to time. There are no obligations to update the Token Documentation or the Website, or to provide recipients with access to any information beyond what is provided herein.

## **Regulatory approval:**

No regulator authority has examined or approved, whether formally or informally, any of the information set out in the Token Documentation or the Website. No such action or assurance has been or will be taken under the laws, regulatory requirements or rules of any jurisdiction. The publication, distribution or dissemination of the Token Documentation or the Website does not imply that the applicable laws, regulatory requirements or rules have been complied with.

## **Cautionary Note on forward-looking statements**

All statements contained herein, statements made in press releases or in any place accessible by the public and oral statements that may be made by the Company, the Distributor and or the

BONKERS early or core contributors, may constitute forward-looking statements (including statements regarding the intent, belief or current expectations with respect to market conditions, business strategy and plans, financial condition, specific provisions and risk management practices). You are cautioned not to place undue reliance on these forward-looking statements given that these statements involve known and unknown risks, uncertainties and other factors that may cause the actual future results to be materially different from that described by such reasonableness of any such statements or assumptions. These forward-looking statements are applicable only as of the date indicated in the Token Documentation, and the Company, (whether express or implied) to release any revisions to revisions to these forward-looking statements to reflect events after such date.

## **References to companies and platforms**

The use of any company and or platform names or trademarks herein (save for those which relate to the Company, the Distributor or their respective affiliates) does not imply any affiliation with, or endorsement by, any third party. References in the Token Documentation or the Website to specific companies and platforms are for illustrative purposes only.

## **English Language**

The Token Documentation and the Website may be translated into a language other than English for reference purposes only and in the event of conflict or ambiguity between the English Language version and translated versions of the Token Documentation or the Website, the English Language versions shall prevail. By using the website, accessing the whitepaper, or any of our literature. You acknowledge that you have read and understood the English Language version of the Token Documentation and the Website.

## **No Distribution**

No parts of the Token Documentation or the Website is to be copied, reproduced, distributed or disseminated in any way without prior written consent of the Company or the Distributor. By attending any presentation on this Token Documentation, you agree to be bound by the foregoing limitations.

ALL \$BONKERS RESERVES WOULD BE SET ASIDE FOR A VARIETY OF INITIATIVES TO DEVELOP A SELF-SUSTAINABLE SYSTEM. THE BONKERS EARLY OR CORE CONTRIBUTORS DO NOT CREATE OR SUPPORT THE MARKET FOR \$BONKERS, NOR DO THEY ACTIVELY TAKE ANY ACTION TO SUPPORT A MARKET PRICE OF THE DIGITAL ASSET FOR EXAMPLE LIMITING SUPPLY OR ENSURING SCARCITY.

## **Risks**

The BONKERS ecosystem is currently in the initial development stages and there are a variety of unforeseeable risks. You acknowledge and agree that there are numerous risks associated with acquiring BONKERS, holding BONKERS, and using BONKERS for participation in the BONKERS ecosystem. In the worst scenario, this could lead to the loss of all or part of BONKERS held. If you decide to acquire \$Bonkers or participate in the BONKERS ecosystem, you expressly acknowledge, accept and assume the following risks:

## **Uncertain Regulations and Enforcement Actions**

The regulatory status of the BONKERS ecosystem, BONKERS and distributed ledger technology is unclear or unsettled in many jurisdictions. The regulation of digital assets has become a primary target of regulation in all major countries in the world. It is impossible to predict how, when or whether regulator agencies may apply existing regulations or create new regulations with respect to such actions could negatively impact \$BONKERS and or the BONKERS ecosystem. Regulatory actions could negatively affect BONKERS and or the BONKERS ecosystem in various ways. The Company, the Distributor (or their respective affiliates) may cease operations in any jurisdictions in the event that regulatory actions, or changes to law or regulation, make it illegal to operate in such jurisdiction, or commercially undesirable to obtain the necessary regulatory approval(s) to operate in such jurisdiction. Please do your own due diligence and consult legal before attempting to obtain \$BONKERS tokens for use inside of the BONKERS ecosystem.

## **Inadequate disclosure of information**

As of the date hereof, the BONKERS ecosystem is still under development and its design concepts, consensus mechanisms, algorithms, codes, and other technical details and parameters may be constantly and frequently updated and changed. Although this material contains the most current information relating to the BONKERS ecosystem, it is not absolutely complete and may still be adjusted and updated by the \$BONKERS early or core contributors from time to time. The BONKERS early or core contributors have neither the ability nor obligation to keep holders of BONKERS informed of every detail (including development progress and expected milestones) regarding the project to develop the BONKERS ecosystem, hence insufficient information disclosure is inevitable and reasonable.

## **Loss of Talent**

The development of the BONKERS ecosystem greatly depends on the continued co-operation of the existing early or core contributors and expert consultants, who are highly knowledgeable and experienced in their respective sectors. The loss of any member may adversely affect the BONKERS ecosystem or its future development. Further, stability and cohesion within the early contributors is critical to the overall development of the BONKERS ecosystem. There is the possibility that conflict within the early or core contributors and or departure of core personnel may occur, resulting in negative influence on the project in the future.

## **Failure to develop**

There is the risk that the development of the BONKERS ecosystem will not be executed or implemented as planned, for a variety of reasons, including without limitation the event of a decline in the prices of any digital asset, virtual currency or BONKERS, unforeseen technical difficulties, and shortage of development funds for activities.

## **Security weaknesses**

Hackers or other malicious groups or organizations may attempt to interfere with BONKERS and or the BONKERS ecosystem in a variety of ways, including, but no limited to, malware attacks, denial of service attacks, consensus-based attacks, Sybil attacks, smurfing and spoofing. Furthermore, there is a risk that a third party or a member of the Company, the Distributor or their respective affiliates may intentionally or unintentionally introduce weaknesses into the core infrastructure of BONKERS and the BONKERS ecosystem, which could negatively affect BONKERS and or the BONKERS ecosystem. Further, the future of cryptography and security innovations are highly unpredictable and advances in cryptography, or technical advances (including without limitation development of quantum computing), could present unknown risks to BONKERS and or to BONKERS ecosystem by rendering ineffective the cryptographic consensus mechanism that underpins that blockchain protocol.

## **Risk of Dissolution**

Start-up companies such as the Company, the Distributor or their affiliates involve a high degree of risk. Financial and operating risks confronting start-up companies are significant, and the mentioned entities are not immune to these. Start-up companies often experience unexpected problems in areas of product development, marketing, financing, and general management, among others, which frequently cannot be solved. It is possible that, due to any number of reasons, including, but not limited to, an unfavorable fluctuation in the value of cryptographic and fiat currencies, decrease in the utility of \$BONKERS due to negative adoption of the BONKERS ecosystem, the failure of commercial relationships, or intellectual property ownership related challenges, the BONKERS ecosystem may no longer be viable to operate and the Company, the Distributor or their affiliates may be dissolved.

Other risks: In addition, the potential risks briefly mentioned above are not exhaustive and there are other risks (as more particularly set out in the Terms and Conditions) associated with your participation in the BONKERS ecosystem, as well acquisition of, holding and use of BONKERS, including those that the Company or the Distributor cannot anticipate. Such risks may further materialize as unanticipated variations or combinations of the all the before mentioned risks. You should conduct full due diligence on the Company, the Distributor, their respective affiliates, and the BONKERS early or core contributors, as well as understand the overall framework, mission and vision.
